### 4/13 meeting agenda:

- SBAR Panel updates?
- Other announcements/updates:
  - Any updates from NCD on the PFAS definition inquiry, ahead of tomorrow's check-in?
  - Hoping to move forward on comment/RTCs and options discussions more quickly – aiming to discuss comments/options related to article importers and small businesses by end of month
  - Last comment topics/options to address: joint submissions, data elements (including env/health effects data) → anything else?
- Workgroup poll: tiered reporting options (draft slides  [here](#))
- Continue last week's discussion on articles, including these 3 questions from the RTC document  [05e Including Articles \(General\) comment-response-document.docx](#):
  - With respect to concerns over duplicative information for re-imports: Are there any other reporting rules that distinguish initial imports from re-imports?
  - In response to commenter suggestion that EPA exempt certain articles that have less exposure potential: Does EPA have enough information to support exempting some types of articles but not others?
  - Any other thoughts on responses to comments for this topic, which aren't already captured?
- Start article importers discussion  [05eii Article Importers comment-response-document.docx](#)
  - Many similar comments as above (articles, generally), but a few questions have been flagged in the summary for the workgroup

Putting standing weekly meetings on the calendar; we'll cancel if there's no need for a meeting.
